

GTZ-282

LIMITED EDITION

Bespoke e-Scooter design from Voltage Motowerks™

Price \$8,288 USD

A WORK OF ART CUSTOM DESIGN FROM KOREA

"The GTZ-282 Limited Edition represents the very finest bespoke e-Scooter design on the market. Only 282 units will be manufactured, making it one of the most unique and sought after e-Scooters ever produced."

Paul T. Pon, CEO

Bespoke Design

An uncompromising work of art. Made in Korea and limited to 282 individually numbered units, this bespoke e-Scooter is unlike any other. Only 282 people will share in this riding experience.

Grand Touring Performance

The GTZ-282 Limited Edition delivers the ultimate in Grand Touring performance, with industry-leading build quality and unique features never seen before in a production e-Scooter.

CNC Laser Cut Frame

With a frame made from custom laser cut CNC forged aluminum (not cast aluminum as with most e-Scooters) the GTZ's enhanced body stiffness provides best-in-class stability and performance.
